

Customers First Internet Credit Apps

750,000 Total Universe
30,000 Weekly Hotline

\$85/M
\$105/M

Customers First Internet Credit Apps are avid internet users looking for credit and applying online for various credit offers. These are credit applicants who need the power to spend and get what they want. Most are already credit card holders looking for an additional line. They find their offers through email campaigns and search. They will be receptive to credit offers of course, but also business opportunities, sweepstakes, incentives; cash advance offers, and more.

Please contact list manager for further information:
